

COMMERCIAL.

TUESDAY, July 22.

Since last writing there has been no improvement in trade, and the outlook is that nothing of a startling nature will take place before the Legislature adjourns. The Currency Bill referred to last week has passed and become law by the signature of His Majesty to take effect on the 1st December next.

Being without any advices from the Coast since our last writing, we have no new quotations to offer.

The only arrival during the week was the *Argus Consul* from San Francisco.

The departures were the steamship Mariposa and bark *W G Irwin* for San Francisco; S S City of Paris for Singapore; bark *Klitsap*, for Port Townsend; Willard Mudgett for Victoria, B C, and H I M S Vettor Pisati for Manila.

The Oceanic S S Ahamele is due to-day, and the bark Apollo sails to-day for Victoria, B C.

Next month there will be a sale of leases of Crown Lands, and also of some valuable lease of rice and sugar lands on this island.

In view of the revenue of the country being materially curtailed owing to the extremely low price of sugar, it has pleased His Majesty to suggest reductions in the expenditures, the particulars of which will be found in the report of yesterday's Legislative proceedings.
